

### TicketReach Request Form

Now in its 15th year, the APA's TicketReach program provides opportunities for underserved members of the Abilene Community to experience the power of live orchestral music. Although a seat at one of our concerts cost as little as \$15, that price is still out of reach for many families in the Big Country. Through TicketReach, non-profit organizations serve as a conduit between individuals of need and the Philharmonic. A non-profit may request tickets on behalf of an individual or group, and the Philharmonic is able to provide these tickets free of charge thanks to the donors and sponsors of this program. The non-profits can use the tickets as a field trip, an incentive, or simply as a break for those going through stressful times.
